

All prospective students wishing to pursue a BA in Studio Arts must submit a portfolio for entrance into the program. This portfolio review will apply to all new students and external transfers. Please note that entrance into the UNH Department of Art and Art History is contingent upon acceptance into the University of New Hampshire.

If you are interested in a minor in studio arts, you do not need a portfolio review. Department courses are always open to non-majors and we invite you to take any of our introductory courses offered from within the Discovery Program.

### **Portfolio Content Requirements**

Submit 10 to 12 samples of your best work. At least five of the pieces must be drawings from direct observation.

The portfolio should reflect your strongest work; if painting is your strongest area, then paintings should be the majority of the work in your portfolio.

- Be selective
- Show some personal work that reflects your artistic vision
- Choose work from any or a few of the following disciplines: sculpture, ceramics, photography, painting, drawing, printmaking, woodworking

The application process is in two parts and is only considered complete when both are done:
