EDUC 741/841  Exploring Mathematics with Young Children

* Indicates course work must be completed before the internship.

INTERNSHIP - EDUC 900/901 (12 Credits total) is required for the Elementary Education Program.
The two-semester supervised school internship is required for licensure. It typically runs from September through May, six graduate credits each semester. The internship MUST begin in the fall semester and be completed in the spring semester. A Portfolio/concluding experience is required as part of the internship.

M.Ed DEGREE (Minimum of 32 Graduate credits)

M.Ed. Internship: 12 credits. Additional credits: 20
Of the 20 additional credits at the graduate level, 10 must be in education and 10 can either be in education or in another department.

Admission to the M.Ed. is competitive and requires submission of an application to the UNH Graduate School. This includes official transcripts, scores from the Graduate Record Examination (GRE), and recommendations. Thirty-two (32) Graduate credits are the minimum for this degree.
