ENGLISH TEACHING MAJOR REQUIREMENTS (B.A.)

The English Teaching concentration is a five-year program that prepares prospective teachers of middle- and high-school English (grades 5-12). Undergraduates are registered as majors within the English Department and receive a B.A. in English Teaching upon completion of four years of study. This degree does not provide state certification; students who wish to be certified must apply for admission to graduate study within the Education Department. Certification requires an additional year of course work and internship. Most, or all, of the work for a Master’s Degree may also be completed during this fifth year.

- All prospective English Teaching Majors should enroll in Education 500 as early as possible.
- English 405 ‘Introduction to Linguistics’ is recommended for English Teaching majors as one of their General Education requirements.
- English Teaching majors must have a 2.5 grade point average in the following English courses:
