

GRADUATION REQUIREMENTS SUMMARY (DISCOVERY)

SOCIOLOGY MAJOR: Requirements Summary (See Sociology Undergraduate Handbook for a full description). To declare a major in sociology, students must have completed an introductory sociology with a grade of C or better. Majors must complete a minimum of 40 semester credits with a grade of C- or better in each course and a GPA of 2.0 or better in sociology courses. SOC 400, 502, 599, 601, and 611 are required. At least two of the additional five major courses must be at the 600 or 700 level. Sociology majors may meet the Discovery Program Capstone requirement in a variety of ways. Satisfactory completion (a grade of C- or better) of SOC 611, or of a 700-level sociology course, a senior thesis (SOC 699), or an IROP/SURF research experience will fulfill the Capstone requirement. In all cases the Capstone course must be taken during the student's senior year. SOC 502 and SOC 599 are both prerequisites for SOC 601; SOC 599 must be completed no later than the junior year and is a prerequisite for majors taking 600 and 700 level courses. SOC 595 can be used to fulfill one lower-level elective or SOC 699 can be used to fulfill one upper-level elective. **Courses taken to complete the major requirements cannot be used to satisfy Discovery requirements except SOC 599, which can count toward the Discovery Inquiry requirement and the major.** (Statistics courses taken in other disciplines are generally not acceptable as a substitute for SOC 502.) Candidates for a degree must satisfy all of the University core requirements in addition to satisfying the requirements of each individual major program. B.A. candidates must also satisfy the foreign language proficiency requirement.

BACHELOR OF ARTS: Requirements Summary (see Undergraduate Catalog for full description). At least 128 credits in courses numbered 200-799, with a cumulative grade point average of 2.00 for all courses taken at the University in which a grade is given; and completion of the University writing requirements; and proficiency in a foreign language; and completion of the Discovery Program (University core curriculum) requirements or the University General Education requirements as set forth in the catalog of the year of matriculation.
