Program Description

The site of the UNH London Program is Regent's University London, a center for international study that houses, among others, this special UNH program. The program enables a student to spend a semester or a year in the U.K. while making normal progress toward a UNH degree, earning 17 UNH credits per semester. Students live on campus, an unbeatable location housed in Regent's Park, and have both the support of the on-site UNH faculty director and Regent's University staff. All interested sophomores, juniors, and seniors are invited to apply.

Courses

Students will enroll in two UNH classes, COLA 653/Intro to British Culture and COLA 670/The London Project, and three Regent's University courses, which are offered in a wide variety of disciplines including Art, Business, Marketing, History, English, Film Studies, Communication and Media Studies, Psychology, Political Science, International Relations, Sociology, and Theatre. All Regent's courses transfer back as 3 UNH credits and many are pre-approved for UNH Discovery or major/minor requirements.
