This course explores the diversity of women's lives through the dynamics of status, power, privilege, and inequality in contemporary United States. Students will examine women's diverse experiences by using the theoretical framework of the social construction of race, gender, economic class, and sexual orientation in historical context. We will examine categories of difference and the processes, philosophical developments, institutions, and conditions that lead to and rely on power and privilege in modern American society.
JTERM 2020
POLITICAL SCIENCE

POLT 401 – Online
Politics and Society

Introduces the nature of politics, theory, and political institutions. Emphasizes theoretical grounding in the modern West for continuing issues of contemporary politics, such as power, equality, justice, freedom, and democracy.
