Student Use of Classrooms for Rehearsal

- Students must request a key and sign out a room from the main office for the purpose of rehearsal or voice lesson practice. *Keys should be returned as soon as the next time the office is open. YOU WILL NEED TO PAY FOR REPLACEMENT OF LOST KEYS.*
- In THDA classrooms (M118, M119, M213 or M316), a total of 4 people may be in a room at one time.
- Rehearsal in the Hennessy should not have more than 10 people present.
- All students in one room must strictly adhere to social distancing (currently the CDC guideline is at least 6 ft away). EVEN IF YOU ARE BLOCKING A SCENE, you must use social distancing.
- Anyone going to or from the restroom during rehearsal should follow all building rules about traffic patterns and social distancing in the bathrooms.
- In order to keep air flowing, you should rehearse with the door open and with a fan in the window BLOWING OUT. You must never have a fan blowing into a room (either from the window or anywhere else in the room) as it only moves the aerosolized breath particles around the room instead of out the window.
- The person who has the key should make sure the fan is turned off, the window is closed, the door is locked, and the lights are out.
- The group using the room should wipe down surfaces before you start and after you finish.
- All students who are rehearsing MUST WEAR A MASK AT ALL TIMES. Even if your professor is going to have you perform without a mask, YOU MUST USE A MASK IN REHEARSALS. This is part of the NH Safer at Home Performing Arts Venues guidelines. Please note, all applicable guidelines should be followed by students who are doing independent rehearsing or rehearsing for Mask & Dagger. Anyone using the room for practice/rehearsal must carefully read and adhere to the NH guidelines for performance venues: [https://www.covidguidance.nh.gov/sites/g/files/ehbemt381/files/files/inline-documents/guidance-performing-arts-venues.pdf](https://www.covidguidance.nh.gov/sites/g/files/ehbemt381/files/files/inline-documents/guidance-performing-arts-venues.pdf)

PLEASE NOTE: Anyone observed or reported to have broken any of these rules will immediately lose the privilege to check out a room in the future. Also, if you do not adhere to all of the UNH Public Health guidelines the administration has sent to students, you can be reported to the Dean of Students for referral to the conduct system. Based on the outcome, this could result in your being sent home to finish the semester online.

*The Music Department have their own guidelines for the practice rooms. If you are eligible to use those, you are responsible for knowing and following their rules.*
